1. INTRODUCTION

In ANSCSE 8, the organizer will produce hardcopy and softcopy (electronic) versions of the conference proceedings. This model paper is designed to obtain, as closely as possible, the same appearance for all papers for both versions of proceeding. These instructions have been prepared in the preferred format. The authors should prepare their papers as closely as possible to this example.

Times New Roman font (or a similar serif font) should be used for the entire manuscript. Font sizes/formats should be as follows:

Title: Times New Roman Font, Size 12 pt, All Cap, Bold Face

Author Name: Times New Roman, 11 pt

Section Headings: Times New Roman, 11 pt, All Cap, Bold Face

Sub-Section Headings: Times New Roman, 11 pt, Bold Face

Body Text/References: Times New Roman, 11 pt, Justified

Figure and Table Captions: Times New Roman, 10 pt, Bold Face, Centered

Table Texts: Times New Roman, 10 pt

Text should be fully justified and single-spaced. Title, section, and sub-section headings should align on the left-hand margin. Place a full page of text and figures on each page. Except for the footer on page 1 for author affiliations, do not include headers or footers in your electronic submissions. One line of blank space is used before and after headings, and before and after figures and tables. In addition, one line of blank space is required between paragraphs.

¹ Position or Academic Qualification, Company or University, Country. (Times Roman Font, Italic, Size 9 pt)

² Position or Academic Qualification, Company or University, Country. (Times Roman Font, Italic, Size 9 pt)

³ Position or Academic Qualification, Company or University, Country. (Times Roman Font, Italic, Size 9 pt)

All references should appear together at the end of the paper. References are listed alphabetically by the last name of the first author. For anonymous reports and standards, alphabetize by the issuing institution. All references listed must be cited in the text. To cite sources in the text, use the author-date method; list the last names of the authors, then the year. For example: (Augenbroe 1999). References must be in the format shown in Section 7 of this paper.

The final page size for the Proceedings is A4 (21 x 29.7 cm). The text area will be 16 cm x 23.7 cm. The top and bottom margins are 3 cm and side margins at 2.5 cm each. **Figure 1** shows these final dimensions.

The figure should be placed on the page with caption placed directly beneath it in 10-point font as depicted in **Figure 1**. Tables and text may also appear on the same page. The table should be placed on the page with caption placed at the top in 10-point as depicted in **Table 1**.
